Education and Employment

PhD in Mathematics supervised by Quentin Berger and Laure Dumaz at DMA, Ecole Normale Supérieure and LAGA, Université Sorbonne Paris Nord.	2024 –
Teaching Assistant (Caïman) at DMA, Ecole Normale Supérieure	2024 –
Master 2, Probability and Statistics (MDA) , Université Paris-Saclay	2023 – 2024
Specific ENS year, Master 1 in Physics (ICFP) , École Normale Supérieure	2022 – 2023
Master 1 in Mathematics , École Normale Supérieure	2021 – 2022
Bachelor's Degree in Mathematics , École Normale Supérieure	2020 – 2021
Student at École Normale Supérieure, Paris	2020 – 2024
Classes préparatoires aux grandes écoles MPSI-MP* , Lycée Chaptal	2018 – 2020

Experience

Research internship supervised by Quentin Berger at LPSM, Sorbonne Université, Paris. <i>The pinning model with a power-law tail disorder</i>	Feb. 2024 – Aug. 2024
Research internship supervised by Francesco Caravenna at Università degli Studi di Milano-Bicocca. <i>The 2d Directed Polymer in a random environment</i>	Feb. 2022 – Jul. 2022
Bachelor dissertation supervised by Paul Laurain at École Normale Supérieure <i>Can one hear the shape of a drum ? After Kac (1966)</i>	2021

Papers

Disordered systems and (subcritical) polynomial chaos with heavy-tail disorder ArXiv:2602.04429	2026
---	------

Conferences, Courses and Summer schools

2nd Summer School on PDEs and Randomness , Max Plank Institute, Leipzig	July 2026
Workshop: Combinatorics from singular SPDEs to kinetic equations , Institut Elie Cartan de Lorraine, Nancy	June 2026
Research program on Statistical Mechanics and Singular SPDEs , IMS, National University of Singapore	May 2026
Coarse-graining theory for elliptic PDE by Scott Armstrong, Master 2, LJLL, Sorbonne Université, Paris	2026
Rencontres de Probabilités , Université de Rouen Normandie, France	Nov. 2025
JPS-2025 , Colloque Jeunes Probabilistes et Statisticiens, Oléron	Oct. 2025
Recent trends in Probability and Statistics , University of Warwick, England	Jul. 2025
Winter school on Statistical Mechanics, Non equilibrium Processes and Probability , La Sapienza, Rome	Feb. 2025
Statistical Mechanics and Stochastic PDEs , C.I.M.E. Summer School, Cetraro	Sep. 2023
Systems with Coulomb-type interactions: Mean Field dynamics and Statistical Mechancis , Sylvia Serfaty, Cours FSMP-PSL, Paris	2023
Third Italian Meeting on Probability and Mathematical Statistics , Università di Bologna, Italy	Jun. 2022
A Spring Day in Probability and Statistical Physics , Università di Firenze, Italy	Apr. 2022

Oral Communications

Workshop: Combinatorics from singular SPDEs to kinetic equations , Institut Elie Cartan de Lorraine, Nancy <i>The multiplicative stochastic heat equation with Lévy stable noise.</i>	<i>June 2026</i>
MODAL'X seminar , Université Paris Nanterre <i>Polynomial chaos with Lévy noise: moments and convergence.</i>	<i>May 2026</i>
PhD students seminar , LAGA, Université Sorbonne Paris Nord <i>Three elementary examples of renormalization.</i>	<i>May 2026</i>
Research program on Statistical Mechanics and Singular SPDEs , IMS, National University of Singapore <i>Polynomial chaos with Lévy noise: moments and convergence.</i>	<i>May 2026</i>
PhD students seminar , DMA, École Normale Supérieure <i>Three elementary examples of renormalization.</i>	<i>May 2026</i>
Informal Probability Workshop , DMA, École Normale Supérieure <i>A rigorous definition of the Gaussian Free Field.</i>	<i>Jan. 2026</i>
Conference JPS-2025 , Oléron <i>Disordered systems: a modified Harris criterion for heavy-tail noise.</i>	<i>Oct. 2025</i>
Winter school on Statistical Mechanics, Non equilibrium Processes and Probability , La Sapienza, Roma <i>Scaling limit of the disordered Pinning Model with stable noise.</i>	<i>Feb. 2025</i>

Teaching and Supervision

Teaching assistant for the course " Stochastic Processes " taught by Djalil Chafai, DMA, École Normale Supérieure, Paris.	<i>2026–</i>
Teaching assistant for the course "Functional Analysis" taught by Max Fathi, DMA, École Normale Supérieure, Paris.	<i>2025 & 2026</i>
Oral examinations for 2nd year math and physics students in classes préparatoires aux grandes écoles, Lycée Louis-Le-Grand.	<i>2023–2024</i>

Other professional activities

Co-organizer of the "Informal probability workshop", DMA, ENS	<i>2025 –</i>
In charge of schedule organisation and logistics for entrance contests at DMA, École Normale Supérieure, Paris	<i>2025 & 2026</i>
Organizer of a workshop on "The Gaussian Free Field and Gaussian Multiplicative Chaos ", LPSM, Sorbonne Université.	<i>2024 – 2025</i>

Skills

Computer Skills: Python, Ocaml, L ^A T _E X, Jupyter Notebook
Language: French (Native), English (Fluent), Spanish (Advanced), Italian (Advanced), German (Beginner)
